

AR251 INJECTION, VENEPUNCTURE, CANNULATION & INFUSION ARM, WHITE AR251-B INJECTION, VENEPUNCTURE, CANNULATION & INFUSION ARM, BLACK

Cast from life, our best selling Venepuncture and Infusion Arm Trainer has been improved and now has more pronounced veins in the antecubital fossa region of the forearm and on the back of the hand.

With an extremely realistic finish, it shows a well developed male left arm in fine detail.

The arm features a flexible wrist for added realism, durable silicone skin and is simple to set up, operate and maintain.

AR251 Infusion Arm, White

AR251-B Infusion Arm, Black

Skills

- Intravenous cannulation - on the back of the hand or forearm
- Setting up and monitoring infusions including application of adhesive dressings to secure cannula in place
- Withdrawal of blood using syringe or vacutainer

Features

Easy to set up, operate and maintain

Continuous, closed vein system is clean to use. An innovative two bottle sealed blood assembly with automatic pressure release valve greatly reduces the risk of leakage

A realistic sensation is felt when the skin and vein are penetrated. Lifelike blood 'flashback' confirms correct needle location in the vein and blood can then be withdrawn

Flexible wrist for improved realism

The skin is moulded from a specially selected grade of silicone to improve feel and durability. Palpation of veins and identification of working and 'blind veins' is also possible.

The material used for the veins, and the silicone skin have self sealing characteristics that can be penetrated many times, enhancing durability

Many procedures can be carried out before a replacement skin is required. Replacement skins and veins are simple to fit

Accessible veins

- Cephalic
- Basilic
- Median Cubital
- Dorsal metacarpal

Minimising spillage and staining

- The innovative sealed blood assembly reduces the risk of spillage as fluids can easily be pumped from one bottle to the other
- Special blanking plugs for the bottles are provided when transporting the arm

Includes

- Arm
- Arm rest
- Blood bottle assembly (2)
- Blanking plugs for transportation (2)
- **AR204** Blood concentrate to make up 2.5 litres artificial blood
- Lubricant
- Instruction manual
- Rigid carrying bag for easy storage

Simple set up

Unique pressurised blood system

Vein palpation

Replacement parts

AR204 BLOOD CONCENTRATE TO MAKE UP 2.5 LITRES ARTIFICIAL BLOOD

AR253 SKIN AND VEIN SET, WHITE for AR251
