

韦克斯科技（北京）有限公司

WIX TECHNOLOGY BEIJING CO., LTD

WIX-EP300 Basic Electrophoresis Power Supply

Features

- ◆ Output: Automatic switch between constant voltage and constant current.
- ◆ Safety: Automatic monitor of over-voltage, voltaic arc, no load, sudden change of load, overload, and short circuit. Leakage protection, function of pause.
- ◆ Others: LCD readable voltage, current, time set. 4 -group parallel connection with multi-electrophoresis apparatus.

Technical parameter

- ◆ Output range: voltage 10-300V ; current:1-400mA ; 75 W
- ◆ Sensitive limit: voltage 1V, current:1mA
- ◆ Display mode:192×64LCD
- ◆ Time set:1min-99h59min
- ◆ Dimension:308×242×100mm (L×W×H)
- ◆ Weight:3.5Kg

Add:No. 10 Building Dongliantongchuang Sci-Tech Park, No.738 Changliu Road Machikou Town
Changping District Beijing People's Republic of China
